

What to do... working at home

We know this is a very unusual situation, but we also know that students at Dixons Kings care deeply about their education and we will get through this!

Remember, our value of **Integrity**, we do the right thing because it is the right thing to do. **Diligence**, means we work hard and never give up, and **Civility**, we care and respect those around us. These values, will have a new meaning over the next few weeks, we cannot let this obstacle prevent us from learning. We need to continue to **work hard**, even if other children might not be! Our mission tells us to make sure we do everything we can to work hard and ensure we contribute to our communities and strive to be the best at everything.

This is an ideal opportunity to work hard so that you can achieve your full potential and purpose.

Every day, you will have school work to do which will take you around 6 hours to complete. Obviously, if you are unwell, or if you are helping someone who is unwell, we understand that you will not be able to do the work. We want you to rest and get better when you need to.

This work will be shared with you by your teacher via email and using share point. All students will have received their log in details either in school or included in this pack. There will be a further What To Do guide on how to use Microsoft 365. If for any reason you are having issues logging in, please contact school and leave the students full details and we will reset the password.

Your family may also receive phone calls from school. We will want to speak to you to make sure you can access everything you need and that everyone in your family is safe and well.

Every day, it is important that there is a fitness session. When you are fit and well, it is really important that you take part not just to stay healthy but also because it will make you feel so much better! Feel free to encourage other members of your household, who are well enough, to participate too! There are multiple online services offering free workouts that you can join.

Arrange the sequence of your work to best suit you and your family, but make sure you manage to complete all work set by your teachers in the week.

	Monday	Tuesday	Wednesday	Thursday	Friday
1 hour	English	English	English	English	English
1 hour	Maths	Maths	Maths	Maths	Maths
1 hour	Science	Science	Science	Science	Science
30 mins	Options 9 / 10 / 11	Options 9 / 10 / 11	Options 9 / 10 / 11	Options 9 / 10 / 11	Options 9 / 10 / 11
30 mins	Geog/History	Geog/History	Geog/History	Geog/History	Geog/History
