Year 11 GCSE Revision Sessions and Study Leave

Dear Families

The current after school intervention cycle will end on Thursday 11 May. After this date, we are running revision sessions as detailed below to support students' preparation for the GCSE examinations. The focus of these sessions will be to help students achieve the best possible grade in the forthcoming examinations. For many students, these sessions will be the last opportunity for teachers to see their classes. We feel that this is an ideal opportunity for our students to gain more practice in examination technique and benefit from the extra support to build confidence.

Please discuss the sessions with your child and decide which ones would be most appropriate for them to attend. The sessions are optional; however, we highly recommended students attend to benefit from the extra support. Whilst in school students who want to attend the revision sessions should go to the lecture theatre or other rooms provided.

Year 11 study leave will begin on Monday 29 May, after this date students will only be required to come into the Academy when they have an exam or for a revision session. **The revision sessions below from Monday 5 June will be compulsory and students must attend the revision session if they study that subject to ensure they are supported to get the best outcomes.**

Therefore, from Monday 5 June students should arrive via the main reception doors 10 minutes before the time detailed above with all their equipment and in their Academy uniform. Punctuality is extremely important and any students arriving late will not be able to attend the session.
